

## WELCOMING THE WEAK!

*Romans 14:1-12*

### **Welcome, don't despise or judge one another. 1-4**

These principles are for fellow true believers.

There are 2 groups those who are weak in faith & those strong in faith

When welcoming the weak it is not to make them see how ridiculous their conviction is.

The strong in faith believed they could eat anything (meat) as Christ taught. The weak in faith ate only vegetables, as meat might not be clean according to OT law. This led to despising or judging the other. Why shouldn't we judge others with different convictions? We aren't their master. God is.

God will approve of His servants in His judgement.

### **Honor the Lord in all we do. 5-9**

Some thought Jewish festivals, fasting days, & Sabbaths were necessary for obeying God while others saw every day as equally dedicated to God. Col. 2:16-17

Each believer be fully convinced in their own mind but not judging others who disagree with their conviction.

When we are convinced in our mind what is right, we give thanks to the Lord. I Cor. 10:31

All things for the believer are for God...whether living or dying.

### **God judges us, so don't judge one another. 10-12**

Each will personally give an account to God. 2 Cor. 5:10
